

REMARKS/ARGUMENTS

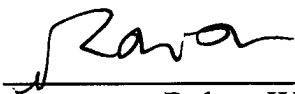

Applicant appreciates the indication that all claims recite allowable subject matter. Applicant has amended his rejected claims to more particularly point out his invention and overcome the 35 USC §112, second paragraph issues. Applicant requests the USPTO to reconsider and allow this case in view of the amendments.

To the extent, if any, that the Examiner's reasons for allowance are inconsistent with, add or omit claim limitations, applicant states that it is the claims as a whole that define the invention

All outstanding issues have been addressed and this application is in condition for allowance. Should any minor issues remain outstanding, the Examiner should contact the undersigned at the telephone number listed below so they can be resolved expeditiously without need of a further written action.

Respectfully submitted,

NIXON & VANDERHYE P.C.
